National Labor Supply/Demand Information

The Georgia DOL, in cooperation with the Georgia Career Information Center at Georgia State University, was awarded a grant from DOL/ETA to work on supply/demand issues. The Occupational Supply Demand System (OSDS) is now completed. Data is organized by Units of Analysis or groups of related occupations and training programs. One way to access information that is of interest to you is by clicking on "Career Clusters". The OSDS website address is: www.occsupplydemand.org.

Apprenticeship Opportunities

Registered apprenticeship programs meet the skilled workforce needs of American industry, training millions of qualified individuals for life-long careers since 1937. Registered apprenticeship helps mobilize America's workforce with structured, on-the-job learning in traditional industries such as construction and manufacturing, as well as new and emerging industries including health care, information technology, energy, telecommunications, and many others. For more information about apprenticeship opportunities available in Michigan, please visit the following sites:

- Michigan Apprenticeship Steering Committee, Inc. <http://www.aboutmasci.org/>
- Michigan Educator's Apprenticeship and Training Association (MEATA) - <http://www.meata.org/>

School Records/Retention and Disposal Schedule

Under "1406 Student Work Permits. Minors over the age of 14 must have a work permit prior to beginning work. Schools must approve the work permit, and new permits are required for each new job held by the teenager. These records may include the completed permit forms, job offers, approved deviations, correspondence, injury reports, workers compensation documents, work/school training agreements/contracts, etc. ACT + 7 years. ACT = until graduation." The current School Records/Retention and Disposal Schedule may be accessed at:

Teachers

PASSES EDGE™ is a fun and comprehensive way to provide vital job-safety training to students. Teachers can learn to present PASSES EDGE at a one-day train-the-trainer workshop that PASSES staff will bring directly to your school. All participants at the program will go away from the session with everything needed to present in the classroom, including an easy-to-use training manual, overheads, videos and all demonstration equipment used in the presentation. What's more, the training is entirely FREE to schools through competitive grants from the Ford Motor Co. and Michigan OSHA.

Acknowledging the curricular demands of teachers, PASSES is flexible in bringing the training to schools. PASSES can perform the training workshops during in-service days, at weekly meetings, or at association conferences. PASSES staff will follow up the training sessions with additional technical services that will prepare teachers to present the four-hour program to students.

Let us know how we can help. If you believe your students can benefit from job-safety training before they get into the workforce, please call PASSES President Donna Weaver at

(313) 910-6531 or e-mail her at passesedge@live.com.

Send mail to passesedge@live.com with questions or comments about this web site.

Youth@Work: Talking Safety Michigan

Go back to [Talking Safety Index \(/niosh/talkingsafety/\)](#) page.

NIOSH is pleased to present Youth@Work: Talking Safety, a foundation curriculum in occupational safety and health. This curriculum is the culmination of many years' work by a consortium of partners dedicated to reducing occupational injuries and illnesses among youth.

This curriculum is meant to be used in a classroom or other group training setting. The entire curriculum includes instructions for teachers and a step by step guide for presenting the material.
